FRONTLINE LOGISTICS GROUP

Established in February 2009 with a humble beginning by a team of three family members, the organization has expanded and grown into a 500 plus strong employee Company, spread across West Asian Countries. Kuwait being the founding office and Dubai, UAE being the corporate office, Frontline Logistics has strong presence in, KSA, Qatar, Iraq, Bahrain, Oman, Lebanon, Afghanistan and a fully managed Back-End support office in South India.

Frontline Logistics was founded by few visionary young entrepreneurs with a motto “**Services Unlimited**”, with a clear vision of becoming the best choice to customers and achieving global recognition as a leading Logistics provider within a short span of time. This was not just a marketing slogan, but a matter of proven historical record that reflects the blend of innovation, customer friendliness, commitment to quality services and professionalism.

The services rendered by Frontline Logistics include, Air, Land and Sea Freight, Customs Clearance, Warehousing and Supply Chain Management, UN and Aid Logistics, LCL Consolidation, Military Projects Support Services, Relocation Services, Projects Logistics, Land Transportation etc.

Frontline Logistics is privileged to have membership in 10 International Networking Agencies namely, WCA, IAM, IATA, CGLI, TIACA, C5C, GEM Movers, Neptune, Project Partners & ISOA, connecting with more than 8000 offices around the globe.

In addition to our own offices, these affiliations have added strength to the organization in providing a global reach and expertise to offer end to end supply chain solutions. Thus far, the organization has been highly successful in positioning as a major player in the global logistics market, by delivering customized solutions through a competent team committed in improving industry standards and customer satisfaction.

The organization celebrated 10 years of inception in February 2019 and is set to move forward with a mission of opening new offices in 2 countries every year.

VISION

To achieve global recognition as a leading Logistics provider and the best choice of customers & business partners.

MISSION

To position ourselves as a major player in the global Logistics market, by delivering customized solutions through an ambitious team committed to improve industry standards, customer satisfaction, growth and profitability. As a people powered organization, we recognize the families supporting the employees and endeavor to provide all employees with motivation, fair compensation and a work environment that encourages openness, creativity, and personal & professional development.

UNLIMITED

SERVICES

OUR
**UNLIMITED
SERVICES**

- Permanent Import/Export procedure

OIL & GAS LOGISTICS

Your gateway to Iraq, Kuwait, UAE and other regions.

Frontline Logistics Group have been very successful in emerging as a key logistics provider for major Oil & Gas Services companies in the Middle East. Our strong presence in Kuwait which is strategically located is a major gateway for Oil & Gas into Iraq. Our core strength in Iraq has proven to build long term business relationship with major energy customers located in the region and other Govt. entities whose requirements are especially demanding with on-time deliveries. Our professional and dedicated staff ensure maximum efficiency of services with zero risk. Frontline Logistics being a leading logistics provider to the Oil & Gas industry in the Middle East is fully committed to its compliance, procedure and obligations. By working closely with clients, our international team manages the complete Logistics & Supply Chain requirements of Oil & Gas materials and equipment's from planning to final execution in a cost effective manner. We offer tailor made procurement and transportation solutions with on-time deliveries by sea, air and overland.

With the rich knowledge of the industry coupled with established business relationship means, your requirements and supplies of oil rigs, bulk or packaged goods and any heavy lift transports are delivered to your site.

Following the footprints of well-known major brands, you can entrust us with.

- Procurement & Expediting - Sea, Air and Overland
- Warehousing and Distribution.
- Freight Collection - Worldwide and Cargo Consolidation - Air, Sea and Road Transportation.
- Customs Expertise - Port Regulations, Customs Duties / Taxes.
- Export Packing, Removals and Re-locations, Domestic and International.
- 24 hours Site Management.
- Dedicated Account Management Teams at every location.
- Transportation of Chemicals, Refined Oil Products and Derivatives, Crude Oil, Liquefied Natural Gas and more.

Today Oil and Gas Industry demands the best standards in Logistics Management due to its complexity and the scale of the projects require proven expertise and total reliability.

Frontline Logistics Group "ONE STOP LOGISTICS SOLUTION PROVIDER" and your partner in business has very strong presence in the Middle East for over a decade with own offices in Middle East. Head quartered in oil rich Kuwait with co-ordination offices in UAE, Saudi Arabia, Bahrain, Oman, Qatar, Lebanon, and Iraq we steam ahead.

WAREHOUSING & SUPPLY CHAIN MANAGEMENT

Frontline Logistics offers storage facilities at key places in all GCC locations. Our warehouses are amongst the safest places to store goods. We offer warehousing facilities at most competitive rates and equipped with electronic antitheft and fire alarms backed by round the clock security guards.

In Kuwait alone, our facilities amount to more than 12,000 square meters of closed warehouses of premium multi-temperature storage with web-enabled inventory tracking and storage for standard pallet and bulk commodities which are spread across Shuwaikh, Sulaibiya and Mina Abdullah.

In Iraq, we have 10000 square meters of closed warehouse and 50,000 sq. meters of open yard spread across major locations like, Safwan, Basrah, Baghdad and Erbil. Currently, we are able to lease out open yard with security, based on client's requirements. In addition, we do have warehousing capabilities in Qatar, Bahrain, Oman, UAE, KSA, Lebanon and Afghanistan. Apart from warehousing, we do offer a range of value-added services to provide our clients a turnkey solution, including packaging and labeling of goods to be ready for onward delivery along with distribution to anywhere in the GCC.

Frontline Logistics with its wide range of transportation services, vast warehousing facilities that meets global standards, backed with excellent warehouse management system would be able to provide the services of distribution effectively or even re-export your shipments.

From raw materials to retail distribution, our analysts and operational personnel work closely with customers to manage the entire Supply Chain, providing tailored services and meeting agreed performance benchmarks.

IRAQ - LTL EXPRESS SERVICES (Less Than Truck Load)

Via Kuwait

The shipments from Kuwait to Iraq are cleared in Safwan, trans-shipped to an Iraqi trailer and transported to the desired destination.

Via Umm Qasr

In case the clients prefer to send the cargo by Ocean freight directly to Umm Qasr, we provide seamless services to clear the cargo from the port and ship it through land to any part of Iraq.

Via Dubai

Dedicated weekly LTL (Less Than Truck Load) are

sent to Iraq, via KSA to Kuwait and then through Safwan to Iraq. In addition, we also send shipments from Dubai by Sea and Air Freight to various destinations in Iraq – Door to Door.

Via Turkey

For shipments originating from Europe & Turkey, we do provide LTL delivery services through Zakho/Ibrahim Khalil land borders.

Via Jordan

We do provide LTL services through Trebil land border into Iraq.

MILITARY & UN AID LOGISTICS

During the last ten years, Frontline Logistics has successfully executed number of military logistics projects, from own offices across GCC to support different armed forces and base across the region and in countries distant from the region.

Our prominent and flawless services to UN Missions, US army and their prominent vendors express our notable presence in all the US army camps in GCC. Our continuous endeavors and mission to support military base/ camps in GCC, Africa, Asia and other US base in GCC region is one of our leading edge.

We support major UN Aid missions across GCC, Middle East, Asia & Africa.

Apart from Military Logistics we are specialized in the supply of prefabricated living units, leasing of vehicles and heavy equipment and end user freight forwarding / transportation services for the military. In military logistics where time is a sensitive factor, we take utmost care to ensure timely delivery for the intact accomplishment of our projects.

Our team is well versed to execute any military projects having stringent time frames- the past has testified it beyond doubt.

PROJECT LOGISTICS

Project logistics is one of the key areas of our expertise.

We assure a safe delivery of entire project cargos on a turnkey basis, from multiple vendors and suppliers and/or multiple points of origin to the project site. With our strong network and local contacts, experienced and skilled staff, we handle shipments for all types of project works.

No matter what's at stake - from mining, power generation, and industrial plant component fabrication, to offshore energy exploration, production and distribution - success doesn't just happen. It is evolved by precise execution. That's what make us expert in logistics trade.

LIGHT & HEAVY EQUIPMENT

Frontline leases light & heavy equipment which include heavy lift capacity cranes, forklifts, earth moving machineries, bobcats, flatbed trailers, reefer trailers, low boys etc. Also, we lease complete range of powerful commercial vehicles to meet all project requirements including construction, warehousing, logistics and transport.

EVENTS, FAIRS & EXHIBITIONS

Frontline has feather in its success cap in the form of specialized team to handle goods for events, fairs & exhibitions worldwide. We serve our customers and partners with our unique and efficient tailor-made solutions. Supported by a wide and reliable agent network, we offer our customers a complete logistics package. Frontline brings together all the service features essential to your success, consisting of:

- Transporting exhibits and stand materials
- Delivery to the stand location – manually, or using forklifts or cranes
- Organizing handling of empty containers
- Dealing with all formalities, including customs, insurance, storage etc.
- Coordination on site.

AVIATION

Frontline Aviation is globally recognized as one of the leading names in passenger & air cargo chartering. Few years back we launched air-cargo charter services to almost all destinations in Iraq and followed by operating to all commercial and military destinations in Afghanistan and rest of the world.

Also, we do charter the safest and most reliable private jets available in the industry for our clients.

We help to determine the specific jet type that is best suited for customer's mission. With the experience of several flight sectors behind us we can deal various problems that might arise such as:

- Traffic Rights, Loadability of cargo, Dangerous Goods, Aircraft availability, Excessive Airport charges, Less Than Full Load, Left Over Freight

PERSONNEL OUTSOURCING

We are proud to have core expertise in personnel outsourcing. Frontline supplies skilled professionals and unskilled laborers for short or long term contracts as per the requirements.

We supply skilled professionals including foreman, diesel and petrol mechanic, mason, welders, lift operators, fabricators, electricians, drivers for light and heavy vehicles, truck/trailer drivers, forklift operators, carpenters, and other heavy equipment operators and unskilled laborers

OUR PRESENCE & GROUP COMPANIES:

FRONTLINE LOGISTICS WLL - KUWAIT

- Full range of ocean freight services to Iraq through Shuwaikh, Umm Qasr, Aqaba and Mersin ports

Air Freight:

- Reliable and competitive airfreight forwarding services through Baghdad, Basra and Erbil airports

Land Freight:

- Smart, viable and fast land transportation including heavy equipments, standard trailers, reefer trailers, FCL, LCL shipment through Safwan, Trebil and Zakho borders.

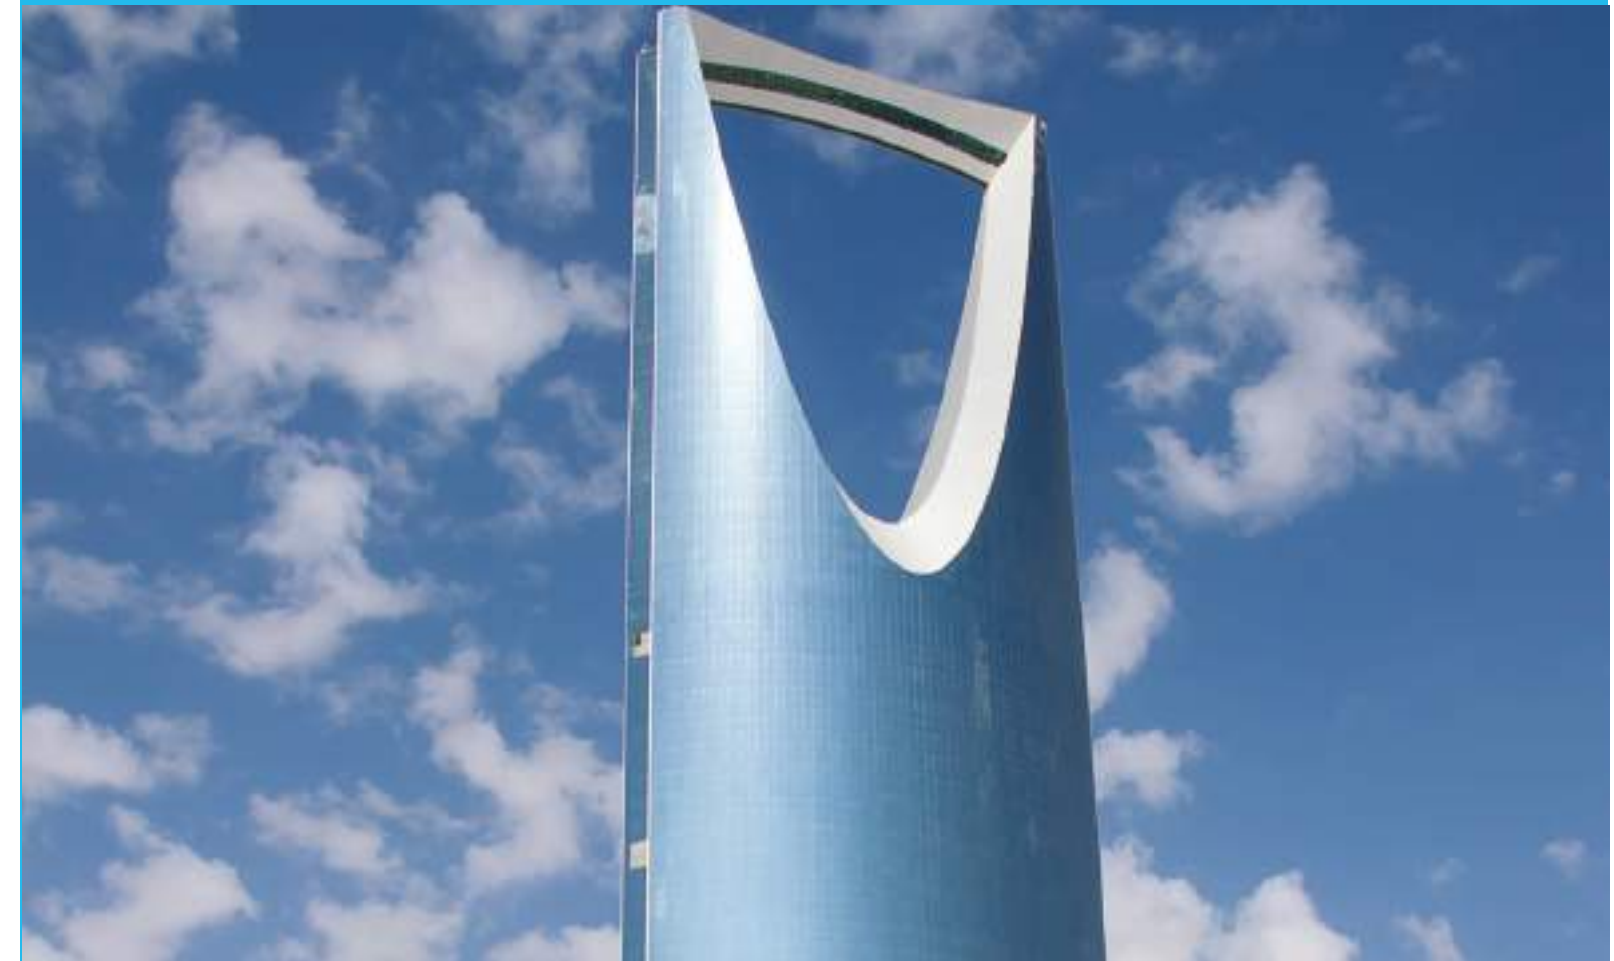

Warehousing:

- State of the art warehousing facilities-covered, open and secured- at Safwan, Basrah, Erbil and Burguzia.
- Handling equipments, including, heavy lift cranes and forklifts.

Oil & Gas Logistics:

- Equipment, supplies, rigs, bulk or packaged goods transportation.
- Project cargo handling.
- LTL service to Iraq from anywhere in the world.

FRONTLINE LOGISTICS - KSA

Saudi Arabian Logistics market is the largest among the GCC nations, which accounts for 55% of the total GCC logistics market. It is also the fastest growing Logistics sector globally.

Frontline Logistics in KSA holds Freight forwarding license, which is mandatory to all sea freight shipments connected with the country. Frontline Logistics has fully functional offices in Dammam & Jeddah, serving customers for all their Logistics requirements and soon will open new office in Riyadh, as well.

Land transportation is one of major activities of Frontline Logistics in Dammam, as the country has the largest land area in the Middle East and industrial activities are booming.

Frontline Logistics in Saudi Arabia aims at servicing customers for their satisfaction through simple Customs clearance process and faster delivery.

FRONTLINE LOGISTICS - QATAR

Qatar, a Peninsula in the Middle East, has the highest per capita in the world and second largest exporter of natural gas. The country has successfully transformed the land to facilitate hosting of IAAF World Athletics championship 2019 and FIFA World cup 2022.

Frontline Logistics has been serving customers for total Logistics solutions since 2016 and proud to be part of the country's ongoing projects and developments.

Services offered by Frontline Logistics are:

- Freight forwarding (Imports and Exports by Sea & Air Freight)
- Customs clearance
- Warehousing & distribution
- Land Transportation

FRONTLINE LOGISTICS – BAHRAIN

Bahrain is an Island in the Persian Gulf, connecting Qatar and Saudi Arabia by causeways. Since, it is a gateway to the Middle East, the country provides unparalleled and efficient access to a growing regional customer base in the global Logistics Industry.

Frontline Logistics started business in the Kingdom of Bahrain in the year 2017. Since, then, the branch has been serving customers to meet their total Logistics solutions.

Our services:

- Sea & Air Freight
- Land Transportation
- Warehousing solutions
- Relocation services

FRONTLINE LOGISTICS - LEBANON

Frontline Logistics opened the 9th branch office in Beirut, Lebanon in November 2018.

The branch offers unlimited services to customers in the Logistics industry, through experienced and courteous staff.

Our unparalleled services:

- Sea freight services (Exports & Imports)
- LCL Consolidation services
- Air freight services (Exports & Imports)
- Customs clearance & delivery

- Local transportation
- Warehousing (both free zone bonded & local cargo)
- Overland trucking
- Iraq services – Military & Commercial
- Afghan services – Military & commercial
- Project logistics

Frontline Logistics in Beirut is a member of Lebanese Forwarders Syndicate and can arrange for delivery of goods from seaport & airport with Lebanese Armed Forces escorts.

FRONTLINE LOGISTICS - SULTANATE OF OMAN

Oman has the potential to emerge as one of the major logistics hubs in the coming years, as its economy highly depends on export of Oil (62%) and Liquefied natural gas (8%). Oman's logistics strategy aims to transform Sultanate into one of the world's top 10 logistics locations by 2040.

The branch office opened in December 2018 by Frontline Logistics at Sohar, extends opportunities for movements across Middle east.

Some of the salient features of Sohar port are:

- Largest industrial port & free zone in Oman
- Structured around the following clusters:

- Hydrocarbons, petrochemicals & plastics
- Iron, steel & aluminum
- Food cluster
- Automotive distribution hub
- Currently handles 600k TEU per annum, with the plan to reach 7.8 million TEU per annum.

Frontline Logistics with their expertise and success story in the industry, handles heavy equipment movements from Sohar to Yemen, India, Liberia & Qatar. A new branch office in Muscat is functional to support operations in Oman, to be followed by more offices in major locations in the country.

FRONTLINE LOGISTICS – AFGHANISTAN

Afghanistan, a landlocked country in South Central Asia has been a hub for business opportunities to the world of Logistics.

Opening the Tenth branch in Afghanistan was the achievement of a milestone for Frontline Logistics group, while celebrating the Tenth year of its inception.

Frontline Logistics would extend Unlimited Logistics solutions to customers planning to move their goods to Afghanistan and out. This would cover Imports and Exports by Air, Sea & land. Customs clearance, Warehousing facilities and projects logistics. We are also specialized in Military, UN and Aid shipments in to the region.

FRONTLINE LOGISTICS - BEO (Managed by FREIGHT CONNECT SOLUTIONS)

Frontline Logistics group started back end support activity managed by Freight Connect Solutions. This move strengthened the group with lot of prospective business plans, as the office started supporting all the international branches of the company. With a team of nearly one hundred professionals, this office extends support to customers worldwide for the total Logistics solutions.

Major roles handled by Freight Connect Solutions for Frontline Logistics are:

- Customer service & Operations
- Documentation procedures
- Pricing, negotiations
- Marketing (direct & tele)
- Financial control & Accounting procedures
- Invoicing, bill of entries & credit management
- Human Resources control
- Internal audit across all locations

BEYOND YOUR EXPECTATIONS

GROUP COMPANIES: FRONTLINE RELOCATIONS
